

Mode switch integrated into housing for hammer drilling and drilling without impact

Special hardened SDS-drive teeth for longer tool holder life

Vibration dampening system

Variable speed for accurate hole starting

Service lid for easy replacement of carbon brushes and cable change

Drilling capacity: 4-28mm

Load speed: 0-800rpm

Impact rate: 0-4,000rpm

Impact force: 3.3J

Power input: 720W

Weight: 3.3kg
