

## EASycube

EasyCube Wheeled, UN Approved, 110% bunded, IBC fuel container c/w lockable cover and manual fuel pump, 2m hose & trigger nozzle.

-  Poly in steel UN Approved IBC for transporting fuel on the public highway.
-  110%, enclosed, weatherproof bund to ensure environmental compliance with PPG2 Regulations for fuel storage.
-  Easy to handle - "wheelie-bin style" design (ECW105)
-  Pallet sized for optimum logistics and designed to fit in back of most pick-ups (EC400).
-  Unique dimensions - ideal for use where access is limited - can fit through doorways and in lifts.
-  Capacity under 1000 litres - no ADR Driver Training required.

### Specification
