On site

Offering outstanding versatility, Ranger 2 18v tools are a must for every tradesman tackling new build, restoration and repair projects. These tools are designed to deliver outstanding results time after time.

Ranger 2... anti-jam

Ranger 2 Nailers all feature a quick release nose gate for ease of access and removal in the unlikely event of a nail jam - fully exposing the driver blade and nail channel. Easily removed and reassembled in a matter of seconds, massively reducing downtime.

Tough carry case

An essential piece of any tradesmans kit, these battery-powered nailers come in a robust carry case - ensuring long lasting convenience and protection.
