NEW Spit Pulsa 700E Cordless Gas Nailer for Electrical Contractors

The Pulsa 700E cable management fastening system - a secure and fast solution for fixing to concrete and steel

The tool offers new improved protection, ventilation, cooling: three essential ingredients for improving tool efficiency and lifetime.

The NEW Pulsa 700E has a completely redesigned front end and magazine which, together with new air inlet filters offers integrated protection from dust and debris. Plus, new ventilation grills have been added to help cool the tool, ideal for periods of intensive use. In combination, these new features can result in less tool maintenance, keeping you working longer.
