

## Spitfire P370 Powder Actuated Disc Cartridge Tool

### The professional's choice for cartridge nailing

Fully automatic Spitfire P370 is the easiest tool in the market to disassemble and maintain.

### Product Advantages

- Automatic piston return - high install rate with low user fatigue
- Magazine - automatic firing of up to 10 nails
- Disc system - all metal loads do not warp when temperatures are high as with plastic strip loads and sequential disc system means no loads are wasted
- Power - adjustable for use with steel or concrete without changing the piston
- High power - multi purpose use in concrete and steel. Drives 15 to 70mm nails
- Sequential operation - safety: tool needs to be actuated with 17kg of pressure to generate a shot
- Ergonomic rear handle and soft grip - makes fixing a one handed operation with a refined grip for user comfort
- Energy absorbing bumper - absorbs vibration and reduces recoil during firing
- Window - user can see if a disc is loaded in the tool
- Reload identification marker - informs the user when to reload the tool
- Adjustable magazine 4 x 90° - gives the user access in confined areas and knuckle protection
- Easy Maintenance - the fastest powder tool to dismantle, clean and put back together allowing on site maintenance and reduced down time
- Universal piston - no need to change the piston for different base materials
- BSI and CIP accredited - quality tool meets all UK / International regulations and carries accreditation giving the user piece of mind on site

### Kit Contains

Spitfire P370, high impact lightweight carry case, safety goggles to EN166:B, cleaning cloth, cleaning brushes, lubricating oil, push rod, stabiliser and instruction manual

### Substrates

- Concrete
- Steel
- Masonry

### Approvals

BS 4078 - Part 2  
N° KM05325

APPROVAL  
N° 001137

### Tool Specification

	Single Shot	With Magazine
Weight	2.7kg	2.88kg
Length	440mm	455mm
Magazine capacity	1 nail	10 nails (1 strip)
Impact force	350J	350J
Actuated pressure	17kg	17kg
Fastening / Fixing rate	1 nail every second	1 nail every 2 seconds
Rubber spring life	>5,000 nails	>3,000 nails

### Applications

- Sheeting
- Steel mesh
- Formwork spacers
- Metal lathing
- Waterproofing / drainage
- Soil pipes tubes or accessories
- Fixing insulation (adaptor kit required)
- Fixing composite decking to steel frame
- Fixing kicker plates
- Fixing timber sole plates
- Fixing fire protection brackets
- Fixing brick ties
- Fixing dry lining track to concrete
- Wood sheeting (25mm)
