

Black & Decker KA900E Powerfile Abrasive Tool 240v

This model was designed to replace the older KA293E.

Ideal for sanding, shaping, filing, sharpening and rust removal applications. Also is ideal for efficient dust collection and a cleaner work area.

Features:

- 13mm sanding belt
- Variable speed for optimal control and finish when sanding wood, metal, ceramic tiles, masonry, plaster and plastic
- Cyclonic action dust canister
- Powerful 350W motor enables optimal stock removal to get the job done quicker
- Narrow arm for fast material removal in confined spaces
- Screw operated belt tracking makes the sander easy to operate and prevents the belt from coming off the rollers during operation
- Manual belt tracking
