

## Camlok Scissor Block Grab

### Camlok TBG Block Scissor Grab

200kg, 300kg, 500kg and 1000kg, various block size options available

- Designed to handle objects with square parallel edges.
- Rubber pads will only restrict the material from slipping if the material is free from oil, dirt etc.
- Grabs operate with a scissor action.
- Swivelling jaws to allow parallel lifting.
- Supplied as standard with large rubber pads
