

EX4000

- A robust generator for applications that require constant reliable power.
 - Used widely at outdoor events, for office back up and by race teams.
 - Automatic Voltage Regulator ensures constant voltage output regardless of the load, ideal for powering sensitive electronics.
 - Fully enclosed casing with acoustic panelling and silent exhaust muffler to greatly reduce operational noise.
 - Lifting hook and transport wheels integrated to enable simple and safe loading and transportation.
 - Electric start with remote control, reliable and easy starting and operation when using the generator remotely, and ideal for back-up use. 10m cable.
 - Multiple outlets with circuit breakers avoid equipment damage and injury in the event of a short circuit.
 - Integral gauges to help you keep an eye on performance.
 - Runs on unleaded fuel at 3500 watts output for 8.6 hours before requiring a re-fill of the 19-litre fuel tank.
-
- Max output 4000W
 - Rated output 3500W
 - Noise level @ 7m 59dB(a)
 - Run time up to 8.6 hours
 - Weight 122 kg
 - Dimensions: L:910, W:530, H:695
