

SDMO SD 6000 E-2 Electric Start Diesel Generator 6.5 Kva Yanmar Engine

SDMO is recognised as one of the world's leading generating set manufacturers.

SDMO has designed a range of competitive, high performance products that is recognised as the most comprehensive on the market. Power requirements are continuously becoming more exacting to meet specific operating conditions and so SDMO has adopted a policy of continuously improving its product ranges and services.

Features:

- OHV Yanmar Diesel professional engine
- Large Fuel Tank
- Solid and compact frame
- Oil level safety
- Circuit breaker

General specifications:

Max power kW 5.2
Max power kVA 6.5
Noise level in Lwa 95
Noise level in dB(A) @7m 72dBa

Engine specifications:

Yanmar Diesel OHV L100
Run time - 20 Hours
Tank Capacity - 26 Ltrs

Dimensions and weight:

L x w x h dimensions [cm] 91 x 75 x 111
Weight 192 kg Dry

Oil Level Shutdown on Diesel Gensets with Electric Starter:

With this feature, not only does the engine start and stop with a simple turn of the key but, more importantly, it will not start and will stop of its own accord running if the oil level is too low. Your generating set is fully protected!
