Colour: White/Black

Description

A polyethylene sump with removable grate that provides leak and drip protection from various sources.

Application

Temporary storage and leak protection from small containers, batteries, machine parts, safety cans, transformers, etc.

Product Features

- Lightweight 15kg construction — easy to move
- Perfect for storing batteries or small containers of chemicals
- Low 9cm profile makes it easy to load and unload heavy containers — there's no need to lift them far off the floor!
- Removable grate allows easy access to sump for chemical retrieval and sump cleaning
- 137cm L x 76cm W x 9cm H

Composition

- Sump: Linear low-density polyethylene with UV inhibitors; Grate: Injected molded polyethylene

Disclaimers

- **Note:** If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources.
